## **6) Document format/editorial changes**

- Changed ‘Stefan Drees (stefan@drees.name), Individual’ to ‘Stefan Hagen (stefan@dilettant.eu), Individual’. Same change applied to Appendix D Acknowledgements.

- OASIS added a new paragraph to the Status section. To the end of the Status section, the paragraph was added:

Note that any machine-readable content (aka Computer Language Definitions) declared Normative for this Work Product is provided in separate plain text files. In the event of a discrepancy between any such plain text file and display content in the Work Product's prose narrative document(s), the content in the separate plain text file prevails.

- Changed the dates to reflect current document date.
