Dear TC members and OASIS staff,
this is to record that

Data Model for Lexicography (DMLex) Version 1.0 Committee Specification 01 8 November 2024

completed a 60 day public review after recording 3 SOUs.

See this admin ticket for records of the necessary SOUs and the subsequent Special Majority ballot

<https://issues.oasis-open.org/browse/TCADMIN-4611>

The 60 day public review was announced here

[OASIS Lexicographic Infrastructure Data Model and API \(LEXIDMA\) TC](#)

OASIS Lexicographic Infrastructure Data Model and API (LEXIDMA) TC

OASIS Members and other interested parties, OASIS and the OASIS

Lexicographic Infrastructure Data Model and API (LEXIDMA) TC [1] are

pleased to announce that Dat

[View this on Oasis-open >](#)

and closed on 1st April 2025 without the TC or OASIS administration receiving any comments.

Thus the specification is ready to progress to OASIS membership wide 14 day call for comments.

If successful, this will be the last step before publishing Data Model for Lexicography (DMLex) Version 1.0 as an OASIS Standard

Thanks everyone for great work

Cheers dF

LEXIDMA TC Secretary, David Filip
